

Blood Glucose Meters Validated for Infants and Children

These monitors have been clinically validated in neonates and children.

Medaval certification is awarded only to devices with the most accurate measurement technology. For accreditation, proof of validation and adherence to international standards is scrutinised by Medaval with independent peer-review.

Warning: Blood glucose meter accuracy requires strict adherence to manufacturer instructions. If the procedure is not followed correctly, the results can be very inaccurate.

★★★ 3-Star Blood Glucose Meters ★★★

Ascensia Contour Next (V1) (Bayer)

Ascensia Contour Plus (Bayer)
