MultiSure GC is the world's first Biosensor-based blood Cholesterol and Glucose Monitoring System. The convenience of MultiSure GC lets anyone accurately and easily measure the two important markers of metabolism, blood glucose and cholesterol, on a single instrument.

The MultiSure GC is equipped with large memory to easily keep track of blood glucose and cholesterol readings. The results can be further downloaded into a computer for further analysis*.

*Software sold as optional item.

Easy to use

1 Apply blood onto test strip

2 Counting down

3 Read results

SPECIFICATION

Measurement Range (mg / dL)

Glucose: 30 - 550

Cholesterol: 150 - 350

Sample Volume

1.5 μ L for Glucose

15 μ L for Cholesterol

Test Time

10 seconds for Glucose

90 seconds for Cholesterol

Memory Capacity

200 sets with Date and Time for Glucose

100 sets with Date and Time for Cholesterol

Data Management

7, 14 and 30 - day average

Additional Features

PC link

Smart

Meter automatically recognizes type of test strips

Portable

On the go convenience
