Key. UPA (upper Arm), WST (Wrist), FGR (Finger) INT (Intermittent), CON (Continuous), SGL (Single), GRP (Grouped)

The blood pressure measurement technology of all these devices has been validated in a peer-reviewed published study in a general population.

Devices certified by Medaval can carry a **Medaval Certification of Accuracy** and use this logo, on its packaging, in its literature and in advertisements for that device.

While Medaval endeavors to keep all information up-to-date, it cannot guarantee availability of devices by time or location. Medaval is continuing the process of evaluating existing publications and will update this list accordingly, as soon as practicable.
